Directive 2011/65/EU (RoHS II)

Dear Sir or Madam,

On June 8th, 2011 the European Union released the new Directive 2011/65/EU which replaced the Directive 2002/95/EG. This Directive is a recast on the restriction of the use of certain hazardous substances in electrical and electronic equipment.

Balluff products fulfill the requirements of the RoHS-Directive.

Balluff products are classified as category 9 "Industrial monitoring and control instruments". The effective date for this category is July 22nd, 2017. From this date CE Declarations of Conformity will be issued.

We use the following valid exemptions in our products, which are granted in Directive 2011/65/EU:

- Lead in solders for bonding to ultrasonic transducers (Exemption 15, Annex IV)
- Products with copper alloy containing up to 4 % lead by weight (Exemption 6c, Annex III)
- Products with flip chip component on board (Exemption 15, Annex III)

i.V.

Christian Mair
